I-Engineering, Inc. is pleased to announce it has been selected by Texas All Risk (TAR) General Agency in Dallas Texas to design and build a web-based portal that will quickly and efficiently rate, quote, bind insurance products in real-time.

“I-Engineering is pleased to have Texas All Risk (TAR) join our elite group of MGAs. This organization, led by Kelly Davis, has grown steadily, serving numerous agents and thousands of insureds. Our solution for TAR will make their insurance products conveniently available to their large network of agents while cross-promoting multiple product lines, helping them become the underwriter of choice in their selected markets,” said Naval Kapoor, President and CEO of I-Engineering.

CEO Kelly Davis said, “TAR was an innovative pioneer in commercial desktop quoting, years ahead of the competition. Now, the ubiquity of online quoting demands that we take a giant step forward...and I-Engineering’s solutions were far and away the best we saw to accomplish our goals.”

About Texas All Risk (TAR)

Texas All Risk General Agency, Inc. began operations in 1983. The agency was content to remain small until Kelly Davis took over in November 2005. Since then, TAR has quadrupled Surplus Lines commercial binding authority and added substantially to their Personal Lines division, despite the continued soft market. They are an entrepreneurial, financially solid, managing general agency that strives to stay ahead of the changes and challenges inherent in our industry. They provide exceptional insurance products and services to professional independent agents.

About I-Engineering

I-Engineering, Inc. a pioneer in developing and marketing integrated software solutions provides Paperless Insurance Environment (PIE™) to the wholesale brokers, MGAS and carriers.

The Company has developed and is currently marketing a suite (iNet-Suite) of unique “web-based” systems to serve the insurance industry. The features and functionalities of these systems provide complete automation, process management and customized workflows serving the MGA’s, Wholesalers and Insurance Carrier Markets.

I-Engineering is also proud members of many P&C Insurance organizations including Target Markets, NAPSLO and AAMGA.
